Efficiency Tips

TOP SUSPENSE ITEMS: QC Review

1. AUS Verifications of PITIA for other REO – missing documentation for evidence of full mortgage obligation on other REO or proof of escrow
2. AUS Updates – insure AUS matches all areas of how loan closed, incomes, appraised value, assets, etc.
3. Debts Omitted – Missing credit documents to support debt obligations paid in full or paid by others for contingent liabilities.
4. YTD vs Prior Year Earnings – income is either significantly higher or lower than last year
5. Source of Large Deposit- any large deposit that exceeds 50% of total monthly qualifying income
6. Occupancy Discrepancy – borrower address differs on documents

TOP SUSPENSE ITEMS: Operations

1. Final /Disbursed CD missing- mostly CA or escrow state loans missing the Final Disbursed CD. CD must be clearly marked “Final” for CA loans
2. Missing UCD Response- both Fannie and Freddie for Conventional loans
3. E-consent- required loan level when documents are electronically submitted to borrower or e-signed. Include full tracking of documents to reference which document was sent
4. CD-LE column of the Calculating Cash to Close section incorrect- the total Cash to Close in LE column doesn't match the last disclosed LE in file. LE Section on the CD must match the last disclosed LE. We are either missing the last disclosed LE OR need Post CD to update the LE column to match The Cash to Close disclosed on last LE
5. Verbal VOE dated within 10 days of the note date
